## An Early Fall Design

The long sleeve and the high neck suggest the cooler weather, as the design was made for the coming season.

The material is one of the new serges which are more clinging than those used for the tailored suits. The color is a rich sage brown, with a flesh pink grosgrain silk used for the button loops and collar.

The buttons and the buckle, which holds the black satin girdle, are imitation ivory and are faintly stained in places with pink. Three frills of ecru lace fill the vest space.
